3. Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.

Bid rigging is, therefore, an agreement between competitors not to compete.

- (b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and

 - f) prices;
 - g) geographical area where product or service will be rendered (market allocation)
 - h) methods, factors or formulas used to calculate prices;
