Certificate as to Existence of Beacons on the farm "Lang Bosc"

I hereby certify that beacons were found by me at the spots B, C, D, E, F & G. A is a beacon placed by me on line from B to a beacon near the high-water mark which denotes the division between the deducted portion of Strand Fontein & the remainder. This last beacon consists of a large stone surrounded by a no of smaller ones A1-B. Large stone planted alongside of a projecting rock somewhat larger than the stone. Traces of lime at the foot of this stone shew that it ~~was~~ once formed part of a masoned beacon. A1-C The base of a masoned beacon about 18" high.

~~A1-D~~ an old masoned beacon about regulation size

A1-E a becon similar to that at C

A1-F a large stone firmly planted
