SC 1227/2012: MANAGEMENT AND FACILITATION OF STAKEHOLDER PARTICIPATION FOR COASTAL SETBACK LINES

1. Background

- 1.1. The Integrated Coastal Management Act, 2008 (Act 24 of 2008), Section 25 requires that a coastal setback be determined.
- 1.2. The coastal zone, arguably one of South Africa's key environmental, social and economic assets, but that has admittedly, also been deteriorating due to unsustainable practices. The aim of the setback line is to protect / preserve coastal public / private property, coastal zone and the aesthetics of the coastal zone.
- 1.3. The Coastal Management Unit of the Western Cape, Department of Environmental Affairs and Development Planning, has developed a methodology for the determination of coastal setbacks in the Province. The Overberg District was identified as a pilot project to test the methodology.
- 1.4. During this process the service providers identified "gaps" in the methodology of which comprehensive public participation was lacking.
- 1.5. The Overstrand Municipality has supplemented the initial determination of the project by requesting additional scientific studies to include the 300mm/20 year and 600mm/50 year sea-level rise scenarios. Due to this additional information a comprehensive public participation process must be conducted.
- 1.6. The Overstrand Municipality therefore request proposals for the provision of professional services for the management & facilitation of a stakeholder participation process for protected area management plans resulting in the Overberg Setback Line Determination

2. Specific Requirements and Expected Outputs

- 2.1. Service providers interested in the proposal must attend the compulsory meeting with the Overstrand Municipality at a date to be announced. Only attendees may submit a proposal (quotation) for the public participation process.
- 2.2. The Service provider will be required to manage the stakeholder participation process, including:
 - 2.2.1. Provide expert advice and guidance to Overberg / Municipalities ensuring stakeholder participation best practice is applied.
 - 2.2.2. Prepare an action plan in consultation with the Overstrand Municipality.
 - 2.2.3. Manage and ensure the integrity of the stakeholder participation process.
 - 2.2.4. Attend all scheduled meetings, site visits, and any other meetings with third parties, as may be necessary.
 - 2.2.5. Review draft setback-line documentation.
 - 2.2.6. Preparing all documentation necessary for stakeholder participation process in consultation with the Overstrand Municipality.
 - 2.2.7. Liaison with the public and other stakeholders for the duration of the process and avail themselves to answer questions of direct relevance to the stakeholder participation process.
